**ENDLESS LEAVES, RELENTLESS SQUIRRELS,
SHAKY LADDERS AND CONSTANT HASSLES.**

WITH LEAFGUARD® YOU WILL SAY GOODBYE TO

Can LeafGuard damage the roof?
No, unlike add-ons or standard gutter covers, LeafGuard is mounted away from your roof's shingles, so there is no chance of damage.

Does LeafGuard work in heavy rain?
LeafGuard can handle heavy rains with ease and has been laboratory tested in a simulated rainfall of over 32 inches per hour.

Is my roof too steep for LeafGuard?
LeafGuard works well no matter what the pitch of your roof. In fact, the steeper the roof, the better the performance.

How does LeafGuard work?
The LeafGuard gutter system works on the scientific principle of liquid adhesion. The gutter's patented, curved design allows rainwater to travel down, around and into the gutter while deflecting leaves and debris.
